

# JERRY

A KRC-20 Meme Coin inspired by a Street  
Ꝥat

## Introduction:

Jerry The Ꝥat is inspired by a street Cat which had gone through a rough upbringing. JERRY is a community driven project aimed to spread the KRC-20 network throughout the world in all fairness and transparency. Officially birthed on KRC-20 on the 11th November 2024, JERRY wants to contribute for the betterment of the Kaspa ecosystem by bringing communities together, thus making use of the advanced technology Kaspa has to offer.

## Vision:

World adoption: Jerry has a vision where all different KRC-20 and various BlueChip projects on other blockchains come together through Collabs to Share ideas/ technology and Grow the community taking it to the masses. By taking Kaspa's future projections in Innovation, Jerry will grow sided by side and take advantage of the new Technology that Kaspa brings with all fairness and transparency thus maintaining a Strong community along the journey.

Mission:

With a dedicated team, Jerry's mission is to ensure that it reaches its goal thru an already thriving ecosystem where the community will benefit from its growth by giving everyone a fair chance to succeed. By focusing on the core principles, such

as, active community engagement, Trust, environment friendly atmosphere and full transparency and fairness, Jerry will set an example to the crypto world and attain new heights.

## Tokenomics:

- Token Name: Jerry The Yat
- Ticker: \$JRRY
- Total Supply: 1,000,000,000,000 (1 Trillion)
- Per Mint Batch: 5,000,000
- Distribution: 100% for community minting, No team allocation.
- Minting Mechanism: Fair launch

through a transparent minting process.

As there will only be 1 Trillion, and 5,000,000 per mint. The total mints will be capped at 200,000. There will be no more ever in existence.

$1,000,000,000,000 / 5,000,000 = 200,000$   
mints

KASPA Network:

Kaspa is a fully scalable Layer 1 which is fast, open source and decentralized. It is also the 1st BlockDAG in the world which can handle high transaction volumes within seconds without any compromise due to its robust proof of work engine.

Kasplex & KRC-20 Network:

Kasplex is a versatile platform designed to enhance blockchain data management. It integrates several key components:

1. Data Insertion Protocol: Enables efficient data handling on the blockchain.

2. Open-Source Indexer: Provides a transparent and accessible indexing system for blockchain data.

3. Data Availability: Ensures reliable access to data on the network.

4. Comprehensive APIs: Allows seamless integration with other systems and platforms.

Key Features:

-Leveraging Kaspa's Infrastructure:

Kasplex takes advantage of Kaspa's high block rate, scalability, and decentralized Proof of Work (PoW) Layer-1 blockchain to facilitate efficient data insertion.

- Addressing UTXO Bloat: The platform tackles the issue of unspent transaction outputs (UTXO) bloat, a common challenge in blockchain scalability.
- Sustainability: Kasplex is designed with long-term sustainability in mind, helping to maintain a robust and scalable ecosystem.

The KRC-20 network is where Jerry is built. KRC-20 was newly released mid 2024 and it has become the go to for all Token Launches on the Kasper ecosystem. It is fast and cost effective to deploy a new token on the KRC-20 network and takes mere seconds with its simple yet advanced technology.

Roadmap:

- Minting Stage
- Cex/Dex Listing

- Community Growth
- Donations for Exchange Listing:
- Art and Content Making Tournaments:
- Donation Prize Pot Launch
- Weekly AMA's
- Cex/Dex Listing
- Onboard/Collabs with other BlueChip projects
- Merchandise Launch
- Real Life Event
- Animal Shelter Fundraising
- CEX/DEX Listings
- NFTs/ERC-721 Launch

For a more detailed Roadmap, check the "Roadmap" section on our website:

[JerryCat.org](https://JerryCat.org)

Conclusion:

As Jerry is built on KRC-20 network and

had a fair launch together with a clear vision and goals with full transparency and a strong community support, the journey to success is clear. We invite everyone to join in and be part of the adventures of Jerry.
